CENTRAL COUNCIL OF INDIAN MEDICINE

In exercise of the powers conferred by section 22 and clause (j) of sub-section (1) of section 36 of the Indian Medicine Central Council Act, 1970 (48 of 1970), the Central Council of Indian Medicine, with the previous sanction of the Central Government, hereby makes the following regulations, namely:-

1. Short title and commence :-

These regulations may be called the “Indian Medicine Central Council, Graduate Siddha Medical Education Regulations, 2016”.

They shall come into force on the date of their publication in the Official Gazette.

2. Definition:- In these regulation unless the context otherwise requires

(i) “Act” means the Indian Medicine Central Council Act, 1970.

(ii) “Medical college” means as defined under subsection (ea) of section 2 of Indian Medicine Central Council Act, 1970.

The words and expression used herein and not defined but defined in the Act shall have the respective meanings assigned to them in the Act.

3. Aims and Objects- The bachelor of Siddha education aims at producing graduates, having profound knowledge of Siddha supplemented with knowledge of modern advances along with extensive practical training; who will become efficient physicians, Researchers and surgeons fully competent to serve the health care services.

In order to achieve the aims and objectives, the Graduates in Siddha must be able to function in the following ROLES appropriately and effectively:

- i) **A Professional** who recognises the role, attitude, behaviour and values with commitment, is ethical, and understands legal responsibilities accountable to patients, community and profession.
- ii) **A Clinician** who understands Social and cultural aspects of health and disease
- iii) **A Reflective Practitioner** who delivers predictive, preventive, promotive, curative, palliative and holistic care with compassion.

Please click here to give your feed back /comments on this draft regulations.

Only through online, Hard copies will not be accepted.

- iv) **A Role player** of the health care team with capabilities to collect, analyzes, synthesize and communicate health data appropriately.
- v) **An Effective Communicator** with patients, families, co-staff and community.
- vi) **A Lifelong learner** committed to continuous learning of skills and knowledge.

4. **Competencies:** Competency based learning would include designing and implementing Siddha Graduate Medical education curriculum that focuses on the desired and observable ability in real life situations.

The new curriculum is based on the following Competencies

1. Knowledge in Siddha Medicine with Modern Advances
2. Patient Care
3. Interpersonal and Communication Skills
4. Professional good standing
5. Practice Based Learning and Improvement
6. Systems Based Practice

5. **Admission to the BSMS Course:** - Admission Qualification- 12th standard with science or any other equivalent examination recognized by concerned State Governments and other Education boards provided the candidate passes the examination with 50% aggregate marks in the subjects of Physics, Chemistry and Biology.

For foreign students any other equivalent qualification approved by the University will be allowed.

“For reserved category students in 10+2, they shall be given relaxation in aggregate of Physics, Chemistry and Biology marks for admission in BSMS as per concerned state and central rules.”

6. **Migration:** Migration from one Siddha medical college to other is not a right of a student and normally shall not be allowed. However, migration from one Siddha medical college to another medical college within India may be considered by the Central Council of Indian Medicine only in exceptional cases, on extreme compassionate grounds, provided the following criteria are fulfilled.

Please click here to give your feed back /comments on this draft regulations.

Only through online, Hard copies will not be accepted.

- 6.1. Both colleges i.e., the one at which the student is enrolled and one to which migration is sought, are recognized by the Central Council of Indian Medicine.
- 6.2. The applicant candidate should have passed first Professional BSMS examination in the first attempt.
- 6.3. The applicant shall submit his application for migration, complete in all respects, to all authorities concerned within a period of one month of passing (declaration of result) the first Professional Bachelor of Siddha Medicine and Surgery (BSMS) examination.
- 6.4. The applicant shall submit an affidavit stating that he/she will pursue the prescribed study before appearing at II Professional Bachelor of Siddha Medicine and Surgery (BSMS) examination at the transferee Siddha medical college, which should be duly certified by the Registrar of the concerned University in which he/she is seeking transfer. The transfer will be applicable only after receipt of the affidavit.
- 6.5. Migration shall be restricted to 5% of the sanctioned intake of the college during the year. No migration will be permitted on any ground from one Siddha medical college to another located within the same city.
- 6.6. There should be clear vacancy that has arisen due to non-filling of seats. A student who wishes to migrate may be accommodated only in the event of vacancy in sanctioned seats strength. Failure of students in examination will not count as vacancy of sanctioned seats strength.
- 6.7. Migration shall be allowed only for the regular batch.
- 6.8. Migration during clinical phase of study shall not be allowed on any grounds.
- 6.9. All applications for migration shall be referred to Central Council of Indian Medicine by college authorities. No institution/University shall allow migrations directly without the approval of the Council.

Council reserves the right, not to entertain any application which is not under the prescribed compassionate grounds and also to take independent decision where applicant has been allowed to migrate without referring the same to the Council. The Central Council of Indian Medicine shall communicate its decision within 02 weeks of receipt of application.

Please click here to give your feed back /comments on this draft regulations.

Only through online, Hard copies will not be accepted.

6.10. Compassionate grounds criteria:

6.10.1. Death of parent or supporting guardian during duration of first Professional phase (First BSMS).

6.10.2. Illness of candidate causing disability.

6.10.3. Disturbed conditions as declared by Government in the area in which the Siddha Medical College is located.

7. **Training period and time distribution:**

7.1. Every student shall undergo a period of certified study extending over 4 ½ years from the date of commencement of study for the subjects comprising the curriculum to the date of completion of examination which shall be followed by one year of compulsory rotating internship.

7.2. Each academic year will consist of a minimum of 200 teaching days. The College shall function on six days a week except second Saturday, Sunday & Holidays applicable as declared by State/ Central Government.

7.3. Teaching and learning shall be aligned and integrated across Departments both vertically and horizontally for better student comprehension. Student centered learning methods should include problem oriented learning, case studies, community oriented learning, self- directed and experiential learning.

7.4. Every Profession shall start every year from 1st November onwards. The Schedule of Theory Examinations and Orals/ Practicals shall be at the end of every six months i.e., 1st of April and 1st of October of every year.

7.5. The period of 4 ½ years is divided as follows:

- **I Professional: Pre - clinical Phase of 12 months.**
- **II Professional: Para - clinical Phase of 12 months.**
- **III Professional: Clinical Phase of 30 months.**

Please click here to give your feed back /comments on this draft regulations.

Only through online, Hard copies will not be accepted.

7.6. I Professional: Pre - clinical Phase of 12 months.

(Fresher Orientation Course of 2 weeks and then teaching of pre clinical subjects)

Fresher Orientation Course will be followed by the teaching of Pre Clinical subjects under the departments as follows:

PRE CLINICAL PHASE	
Teaching Departments	Name of Teaching Subjects
Medical Education Unit (To be established by College itself other than teaching Departments with existing teaching Staff)	Fresher Foundation Course (FOC)
Siddha Maruthuva Moola Thathuvam (Basic Principles of Siddha)	1. Basic Tamil 2. Communicative English 3. Siddha Maruthuva Adipadai Ariviyal 4. Thonootharu Thathuvam
Udal Koorugal (Anatomy)	1. Human Anatomy -I 2. Human Anatomy -II
Udal Thathuvam (Physiology)	1. Human Physiology - I 2. Human Physiology -II 3. Medical Biochemistry 4. Microbiology

Fresher Orientation Course

Goal: The goal of the Fresher Orientation Course is to prepare a student to study Siddha system effectively. It will be of two weeks duration after admission.

Objectives: The objectives are to:

a. Orient the student to:

- i) The medical profession, ethics and the clinician's role in society,
- ii) The BSMS programme,
- iii) Other health systems in the country and abroad
- iv) Origin, History and scope of Siddha
- v) Introductory Tamil

Please click here to give your feed back /comments on this draft regulations.

Only through online, Hard copies will not be accepted.

It is intended for students who have little or no previous knowledge of the Tamil language. Emphasis will be given to understanding of alphabets, the basic grammatical structures and the Tamil script.

- vi) Thathuvagal
- vii) Siddha in other Countries
- viii) Ministry of AYUSH, CCIM and other functionaries
- ix) Campus visit (College and Hospital)

b. Enable the student to acquire enhanced skills in:

- i) Language,
- ii) Interpersonal relationships,
- iii) Communication,
- iv) Learning including self-directed learning,
- v) Time management,
- vi) Stress management,
- vii) Use of information technology.

c. Train the student to provide:

- i) First-aid,
- ii) Basic life support.

These sessions must be as interactive as possible.

Each Institution shall have Medical Education Unit to develop their own learning modules and identify the appropriate resource persons for their delivery.

The time committed for the Fresher Orientation Course may not be used for any other curricular activity.

At the end of the FOC, assessment shall be made based on the presentation made by the student and the performance shall be graded by the Medical Education Unit of the College and sent to the University.

Grading Code	Performance Level	Marks
A	Outstanding Performance	80-100
B	Meritorious Performance	70-79
C	Substantial Performance	60-69
D	Moderate Performance	41-59
E	Elementary Performance	Up to 40

Please click here to give your feed back /comments on this draft regulations.

Only through online, Hard copies will not be accepted.

Grading shall reflect in the mark sheet issued by the University at the end of the I semester.

Followed by FOC, the pre clinical subjects are divided in to two semesters as follows:

Study Pattern of I professional	Semester wise Distribution of Teaching Subjects	Schedule of Examination		
		Theory	Practical /Viva	Declaration of Results
I Semester Start Date- 1 st November End Date- 31 st March	1. Basic Tamil 2. Communicative English 3. Siddha Maruthuva Adipadai Ariviyal 4. Human Anatomy-I 5. Human Physiology - I	1 st April to 10 th April	11 th April to 20 th April	30 th April
II Semester Start Date- 1 st May End Date- 30 th September	1. Thonootharu Thathuvam 2. Human Anatomy-II 3. Medical Biochemistry 4. Microbiology 5. Human Physiology - II	1 st October to 10 th October	11 th October to 20 th October	30 th October

The Number of learning hours of Pre clinical Phase (FOC + Pre Clinical Subjects) shall be from

Semesters	Name of the Subjects	Number of working Days	Number of Teaching Hours				Marks Allocation in Examintaion		
			Theory	Practical	Horizontal & Vertical Teaching	Total	Theory	Practical / Viva	Total marks
I Semester	FOC	12 Days	84 hrs		-	84	Grading by College MEU		
	Basic Tamil	88 days	85	-	15	100	100	-	100
	Communicative English		65	-	15	80	100	-	100
	Siddha Maruthuva Adipadai Ariviyal		90	-	10	100	100	-	100
	Human Anatomy-I		100	50	20	170	100	100	200
	Human Physiology -I		100	50	16	166	100	100	200
II Semesters	Thonootharu Thathuvam	100 days	80	-	20	100	100	-	100
	Human Anatomy-II		100	50	25	175	100	100	200
	Medical Biochemistry		80	50	20	150	100	50	150
	Microbiology		80	35	20	125	100	50	150
	Human Physiology -II		80	50	20	150	100	100	200

[Please click here to give your feed back /comments on this draft regulations.](#)

Only through online, Hard copies will not be accepted.

II Professional: Para-clinical Phase consists of 12 months with Para-clinical subjects under the departments as follows:

Teaching Departments	Name of Teaching Subjects
Gunapadam - Maruthuiyal (Pharmacology)	1. Essential of Modern Pharmacology 2. Gunapadam - Mooligai 3. Pharmacognosy & Medicinal Botany 4. Gunapadam -Thathu Jeevam
Gunapadam - Marunthakaviyal (Pharmaceuticals)	1. Marunthu Sudhi & Seimuraikal. 2. Pharmaceutical Chemistry & Pharmacy Instrumentation
Noi Naadal and Noi Mudhal Naadal (Pathology)	1. Essentials of Modern Pathology and Investigative Procedures 2. Siddha Diagnostics & Clinical Methods 3. Noi Naadal

Study Pattern of II professional	Semester wise Distribution of Teaching Subjects	Schedule of Examination		
		Theory	Practical /Viva	Declaration of Results
III Semester Start Date - 1 st November End Date- 31 st March	1. Essential of Modern Pharmacology 2. Gunapadam - Mooligai 3. Pharmacognosy & Medicinal Botany 4. Siddha Diagnostics & Clinical Methods 5. Gunapadam -Thathu Jeevam	1 st April to 10 th April	11 th April to 20 th April	30 th April
IV Semester Start Date - 1 st May End Date - 30 th September	1. Marunthu Sudhi & Seimuraikal 2. Pharmaceutical Chemistry & Pharmacy Instrumentation 3. Essentials of Modern Pathology and Investigative Procedures 4. Noi Naadal	1 st October to 10 th October	11 th October to 20 th October	30 th October

Competencies at the end of the learning each subjects shall be described while framing the syllabus by Central Council of Indian Medicine. Didactic lectures shall not exceed one third of the schedule; two third of the schedule shall include interactive, practical, clinical or/and group discussions. The learning process should include living experiences, problem oriented approach, case studies and community health care activities. The teaching roster should be carefully prepared by each institution so as to give adequate and justified time for students to learn as well as prepare for their assessments.

8. Universities shall organize admission timing and admission process in such a way that teaching in the first Professional year commences with induction through the Fresher Course by the 1st of November each year.

8.1. University shall conduct the examinations as indicated in the schedule. Minimum 80% attendance is mandatory to appear for examination in each semester.

8.2. Supplementary (arrear) examinations shall be conducted not earlier than 60 days and not later than 90 days after the declaration of results, if the students fail again,

[Please click here to give your feed back /comments on this draft regulations.](#)

Only through online, Hard copies will not be accepted.

will appear in the subsequent semester. Universities in order to complete the examination schedule along with regular schedule shall conduct Supplementary (arrear) examinations in afternoon sessions.

- 8.3. The failed student of First semester shall be allowed to appear in second Semester examination but the student shall not be allowed to appear in third Semester examination unless the student passes all the subjects of first Semester examination. Partial attendance of examination in any subject shall be counted as an attempt.

The failed student of second semester shall be allowed to appear in third Semester examination but the student shall not be allowed to appear in fourth Semester examination unless the student passes all the subjects of second Semester examination. Partial attendance of examination in any subject shall be counted as an attempt.

The failed student of third semester shall be allowed to appear in fourth Semester examination but the student shall not be allowed to appear in fifth Semester examination unless the student passes all the subjects of third Semester examination. Partial attendance of examination in any subject shall be counted as an attempt.

The failed student of fourth semester shall be allowed to appear in fifth Semester examination but the student shall not be allowed to appear in sixth Semester examination unless the student passes all the subjects of fourth Semester examination. Partial attendance of examination in any subject shall be counted as an attempt.

The failed student of fifth semester shall be allowed to appear in sixth Semester examination but the student shall not be allowed to appear in seventh Semester examination unless the student passes all the subjects of fifth Semester examination. Partial attendance of examination in any subject shall be counted as an attempt.

The failed student of sixth semester shall be allowed to appear in seventh Semester examination but the student shall not be allowed to appear in eighth Semester examination unless the student passes all the subjects of sixth Semester

examination. Partial attendance of examination in any subject shall be counted as an attempt.

The failed student of seventh semester shall be allowed to appear in eighth Semester examination but the student shall not be allowed to appear in ninth Semester examination unless the student passes all the subjects of seventh Semester examination. Partial attendance of examination in any subject shall be counted as an attempt.

- 8.4. Maximum four chances (one regular exam and three supplementary exams) shall be limited per semester to complete. Otherwise the student has to quit the course.
- 8.5. A student shall not be allowed to graduate later than 9 years of joining first BSMS course.
- 8.6. During the entire Course, apart from Teaching hours ,the student has to complete minimum 5 choice based electives with minimum 30 credit hours each organized by Medical Education Unit of the College as indicated in Table below:

Elective Subject	Professional
Computer Applications	To be completed at the end of Pre Clinical Phase atleast one as elective with 30 hours of credit
Personality Development & Communication Skills	
Manuscript Interpretation	
Preparation of Digital Herbarium	To be completed at the end of Para Clinical Phase atleast two as elective with each 30 hours of credit
Preparation of Monograph	
Industrial Visits	
Good Manufacturer Practice	
Disaster Management	
Environmental Sciences	To be completed at the end of Clinical Phase atleast two as elective with each 30 hours of credit
Good Laboratory Practice	
Medical Writing	
Clinical Research	
Hospital Management	
Bio Medical Applications	
Entrepreneur Skills Training
